## MESSAGE FROM THE BOARD

Thank you all for your continued support and attendance to the CAWPCA Workshops. We received very positive feedback from the 130 attendees comprised of over 50 municipal entities from CTDEEP staff and two dozen wastewater professionals, contractors and vendors.

We are happy to announce that due to the organization's successful sponsorship program, we were able to restructure the Signature Sponsorship Program will now offer on a calendar year. Your company can sponsor these two great Workshops in the same calendar year. We offer Corporate Platinum, Gold and Silver Sponsorship opportunities.

We continue collaboration with our partner organization CWPA and both organizations have a joint Government Affairs Subcommittee. The committee reviews key legislative issues and develop recommend approach of promoting these issues that affect the wastewater utilities, operators and Water Pollution Control Authorities. Both organizations partnered to retain the services of a lobbyist firm to continue to monitor, review and respond to legislative issues.

The CAWPCA website [cawpca.org](http://cawpca.org) can be utilized as powerful tool to access the legislative tracking tool including video presentation from our workshops.

We appreciate your support and continue to look for ways to improve the organization and collaborate with other organizations. Please contact one of the Board Members herein should you have any questions, ideas or suggestions.

## NEIWPCC'S MANAGER'S FORUM

The 18th Annual Connecticut WWTP Manager's Forum will be held on Thursday, November 15, 2018 at Hartford MDC Training Center, Hartford, CT. It provides an opportunity for wastewater treatment plant managers, representatives from CT DEEP, CWPA, CAWPCA, U.S. EPA and other water quality professionals to meet and communicate on timely topics. Subjects suggested by plant managers for discussion at this year's forum include:

- New Operator Continuing Education Requirement
- Priority List Development
- Long Island Sound
- Regional BNR Initiatives
