MESSAGE FROM THE BOARD

Thank you all for your continued support and attendance at the CAWPCA Workshops. The new spacious location at the Aqua Turf led to the highest workshop attendance ever. We received very positive feedback from the 160 attendees comprised of over 50 municipal entities, a large group of CT DEEP staff and upwards of two dozen wastewater professionals, contractors and vendors.

We are happy to announce that due to the organization's successful sponsorship program, we were able to restructure the CAWPCA administration as follows:

- Annual Regulator Membership Dues (Municipal Dues), previously \$50 per year, has been eliminated. Consistent with the CAWPCA's "Purpose," this change will encourage involvement from all WPCA managers and operators.
- CAWPCA finances, events and notices will be administered by New England Water Environment Association (NEWEA) staff under the direction of the CAWPCA Board of Directors. This change will allow for the CAWPCA Board to concentrate on creating great content for your workshops, while promoting involvement and advocacy throughout all CT WPCA Communities. Paying a modest fee to NEWEA for these services insures the sustainable routine administration under the changing environment of our volunteer Board of Directors and Officers.

Please utilize the powerful tools offered by this organization within our website cawpca.org. These include access to video presentation from all of our workshops along with minute to minute sorted updates of all CT Legislation related to water quality issues. Whether you work for a municipality, contractor or consultant, these tools are extremely valuable toward maintaining a healthy collaborative water quality environment within the State of CT.

We appreciate your support and continue to look for ways to improve the organization. If you have any questions, ideas or suggestions please contact one of the CAWPCA officers listed herein. We look forward to seeing you on November 4th!
